

The Southwest Conference Committee of Ministry A consists of twelve members, eight clergy members and four lay members, each serving a three-year term which can be succeeded once. We try to have representation throughout the conference.

The Committee has two main functions. First, the support of and assessment of Members In Discernment (MID). We provide them with an advisor from the Committee who assists the MID in their process. We participate in their ordination services. The second function is to support Ordained Ministers and hold them accountable. We track Active Ministers participation in Boundary Training, Anti-Racism training, and annual reporting of Continuing Education.

We approve transfers in and out of the conference. We also provide Fitness Review of clergy misconduct, assess validity, if true, determine the level of violation and when appropriate design a plan of growth.
