

Our ministry is so impactful that it has been born twice! Our first school year began in Fall 2020 when everything needed to be virtual in order to stay safe and healthy. Until this past Fall, we were an entirely virtual community.

This year we have birthed a hybrid ministry and even meet in person consistently. We have been blessed with a great small group of students with diverse faith backgrounds. Our current small group also includes students who were looking for a UCC Open & Affirming faith community. Together they support each other through the ups and downs of these current times as well as consider their beliefs and calls in a safe and nurturing space.

If you know an ASU student or any young adult in the Phoenix area looking for or needing an inclusive young adult spiritual community, please connect them with Andrew by emailing [Andrew@andrewponderwilliams.com](mailto:Andrew@andrewponderwilliams.com).
